CACI NON-SURGICAL FACIAL TONING

CACI Non-Surgical Facial Toning is considered the most Advanced Electrical Facelift System of its time. Using computer-aided technology to lift, tone and re-educate muscle to its original position, it stimulates collagen and elastin and offers numerous rejuvenation benefits.

CACI Synergy uses a combination of Ultrasound, LED and Microcurrent to tone & lift facial muscles while simultaneously firming the skin by boosting collagen. The result is radiant, younger looking skin that is naturally hydrated and plump.

ENVIRON SKINCARE

Environ's innovative approach to science-backed skincare has set it apart for over 30 years. That's largely thanks to the brand's pioneering use of Vitamin A in active ageing. The driving force behind the brand's

award-winning collection, Vitamin A has been proven by research to act like skin's oxygen: propelling skin towards peak health, and helping maintain it for life.

ENVIRON ESSENTIAL TREATMENTS

Environ's pioneering Dual Electro-Sonic Technology sets the benchmark for Professional Skincare Treatments. Low frequency Sonophoresis together with pulsed Iontophoresis in combination with Environ's Professional Skincare formulations, helps deliver more of what skin needs, where it needs it most - making a real lasting difference, for life.

Environ Essential Facial

ENVIRON®

DMK

DMK believes that the origin of most skin conditions is a result of disharmony within the skin. Using the principles of biochemistry, DMK has formulated a range of treatments and products designed to educate skin

to perform like youthful healthy skin. By matching formulations with the body's chemistry, the skin is encouraged to respond in a positive manner, Remove, Rebuild, Protect, Maintain.

DMK SKIN NUTRITION TREATMENTS

DMK Skin Nutrition Treatments are tailored to each individual using the transepidermal delivery to generate change at a cellular level whilst simultaneously improving the aesthetic appearance of the skin.

DMK Skin Nutrition Treatments

45mins | from £75.00

DMK ENZYME THERAPY

DMK Enzyme Therapy acts on the blood vessels by causing them to become dilated, which allows a greater supply of oxygen-rich blood to flow to the skin in order to nourish it. The back-flushing action of the enzyme treatments removes impurities and stimulates the lymphatic system.

DMK Enzyme Therapy

90mins | from £100.00
Course of 6 | £500.00

DMK ADVANCED TREATMENTS

DMK Advanced Skin Treatments have been developed to address skin conditions such as severe acne, scarring, stubborn pigmentation and deep wrinkles. They are based on a natural healing approach using various modalities and botanical chemistry to restore skin functionality.

DMK Advanced Treatments

90mins | from £150.00

DERMAPEN 4™ ADVANCED MICRONEEDLING

Dermapen 4™ glides over the skin creating millions of fine, vertical fractional channels up to 104% faster than other microneedling pens. These channels carry up to 80% more topical nutrients deeper into the skin.

The micro-injuries trigger a natural process of repair, increasing the production of collagen and elastin and visibly improving a wide range of skin concerns.

Dermapen 4™ Advanced Microneedling

60mins | £200.00
Course of 3 | £500.00

CRYOPEN

CryoPen™ is a state of the art treatment that uses extreme cold/cryotherapy, to painlessly and safely destroy unwanted, benign and superficial lesions on the

surface of the skin, such as warts, skin tags, verrucae, milia, cherry angiomas, scars, and resistant hyperpigmentation.

Cryopen

| from £50.00

DERMALUX LED PHOTOTHERAPY

Dermalux LED Phototherapy is a non-invasive treatment that uses clinically proven therapeutic light energy to trigger the skin's natural rejuvenation and repair processes

without pain or downtime. From the first treatment, Dermalux instantly boosts the complexion to restore vitality and glow.

DERMALUX TRI-WAVE MD

The Tri-Wave MD signifies a new era in LED Phototherapy treatments pushing the boundaries of medical LED technology and next-level clinical application. Delivering maximum power via breakthrough targeted ceramic light technology, this is the ultimate medically certified and FDA-cleared LED device for skin care professionals who want to deliver fast, unrivalled results for a wide range of indications.
